2021 - 2022 COVID Release

Hampton Bays School of Dance is adhering to various guidelines set forth in order to prevent the spread of COVID-19. In order to provide a safe dance environment for all of our students and staff, please read through the following guidelines:

We are asking parents to drop off at the main door to the dance studio. Anyone entering the dance studio must be properly wearing a mask or facial covering at all times. For our smaller dancers on Saturday, 1 adult may bring your dancer up to the studio.

Students will be required to wear a mask at all times while in the dance studio. This includes the duration of their attended dance classes. While in their classes, students will be provided with mask breaks as needed. Our teachers and staff will be wearing masks at all times.

I understand that the teachers, staff, and students at Hampton Bays School of Dance will make every effort to maintain social distancing. However, I understand that there may be times when incidental contact and less than prescribed physical distancing will occur. I am aware and agree that at times teachers may need to assist dancers, correct their form, and for younger dancers teachers may assist with their props/attire. I will allow my child to receive this assistance/correction when necessary. I further understand that I am voluntarily allowing my child to participate in programs and activities offered by Hampton Bays School of Dance, knowing that it is impossible to keep them, myself, or anyone else who enters the studio completely safe from exposure to contaminants, including the COVID-19 virus.
